

# **FIRE SAFETY**

## **rules and regulations checklist**

### **for the residents of**

### **«Old Sloboda» hotel**

## **Dear Guests!**

We ask that you adhere to the fire safety rules and regulations:

### **Smoking** inside hotel quarters is **STRICTLY PROHIBITED!**

Smoking is only allowed in specially allotted spaces. You may find out their location from the hotel manager on duty.

Using electrical heating devices (including immersion heaters, electric kettles, hot plates, electric irons and others) inside the rooms is prohibited. You can request boiled water from the hotel manager.

When leaving the room, please remember to turn off the lights, the TV, the radio etc, and unplug these devices.

Make sure to familiarize yourself with the plan of evacuation in case of fire (it is on display in the hallways of the hotel). Bringing flammable substances or materials into rooms or storing them there is forbidden.

### **In the case of fire:**

- Inform the hotel manager about the fire, and call the fire department by dialing «01».
- Take evacuation measures for people staying inside the building.
- Start extinguishing the fire by available means.
- If the fire could not be extinguished in its early stages, immediately leave the building.
- While leaving the site of fire, firmly close all of the doors behind yourself, do not panic, act thoughtfully, and adhere to the plan of evacuation.

Violators of the rules of fire safety will be **fined 1000 rubles.**

The management of the hotel reserves the right to refuse services to such persons.
